**OUR COUNTY FAIR.**  
The Second Annual Fair of Laurens Agricultural and Mechanical Association, which was held here on Wednesday and Thursday of last week, was, as everybody predicted it would be, a grand success and a glowing tribute to the skill and industry of our people. This is not a surprise, for Laurens seldom fails in anything she undertakes, and especially when her fair daughters contribute to the enterprise. The crowd that gathered upon the grounds to witness the display of horses, cattle, &c., was immense, while the Court House, which contained the domestic and household exhibits, was densely thronged. From early morn to dewy eve, the Court House, which is unusually large, and all its apartments on the second floor open to visitors, could not accommodate one-fourth of those present. The display in every department was certainly good, and we would like to make special mention of many articles exhibited, but our limited space warns us to forbear and we must be content with publishing the premium list as handed in by the various committees. Several of the committees have failed to report up to this time, and consequently the list is not complete.
